

BOONE COUNTY DISTILLING IS HONORED TO BE A MEMBER
OF THE KENTUCKY BOURBON TRAIL CRAFT TOUR®

For Immediate Release: March 20, 2017

Boone County Distilling is honored to join other great distilleries in showcasing the state's signature spirit on the iconic Kentucky Bourbon Trail Craft Tour®.

Boone County Distilling is reviving an original distillery region in Boone County with deep roots and characters that were instrumental in producing quality spirits in the 1800s. Boone County Distilling Company pays homage in resurrecting the culture, pride and determination of these pioneers-and we live their spirit in making our fine products. In every detail of our operation, we've respected our history while investing in our future. Our tag line, "Made by Ghosts®", harkens to the early pioneers who crafted spirits in Boone County more than 100 years ago.

Boone County Distillery offers tours Wednesday to Sunday (12:30pm, 2:00pm, & 3:30pm) of our 5,000 square foot still house, 800-barrel rick house, tasting room and gift shop. Tours reveal the grain-to-glass experience where grains are ground, cooked, mashed, and double distilled in a Vendome 500-gallon copper pot still affectionately nicknamed "The Bear". The walls have been adorned with the original stories and historical photos dating back to the distillery's 1833 inception in Petersburg, Kentucky.

You'll find Boone County's distillery, tasting room, and gift shop at 10601 Toebben Drive in Boone County, Kentucky, near I-75/I-71 just south of the Greater Cincinnati Northern Kentucky Airport. For more information on distillery hours of operation, tour schedule, closers and events visit www.madebyghosts.com.

The Kentucky Distillers Association recently announced that tourists made a record one million stops at distilleries on the Kentucky Bourbon Trail® and the Kentucky Bourbon Trail Craft Tour® in 2016. A list and passport for the distilleries on the tour can be obtained at www.kybourbontrail.com/craft-tour/. Cheers to doubling that in 2017.
